KAMARAJAR SCHOOL – NALUMAVADI.

ANNUAL REPORT 2024–2025

I extend my heartfelt greetings to everyone present here.

> **“ The language that emerged in ancient times,**
> **The language that flourished in the southern Podhigai hills,**
> **The sweet and delightful language that brings goodness—**
> **The classical language, our mother Tamil.”**

With great pleasure, I welcome everyone who has graced this occasion.

As Thiruvalluvar says:

> **“For those who learn and gain knowledge, every country becomes their own country, and every place becomes their hometown.”**

It gives me immense pleasure to present the Annual Report of **Kamarajar School for the academic year 2024–2025**.

Our school was started on **14 June 2023**, inspired by the dreams of **Brother Mohan C. Lazarus**, with the vision that poor and underprivileged children should receive quality education and progress in life. Our guiding principles are **truth, discipline, hard work and honesty**.

As Thiruvalluvar says:

“Just as water keeps flowing from a well filled by digging deeper, knowledge continues to flow from learning.”

Our school is situated in the peaceful surroundings of **Nalumavadi Village , Thoothukkudi District**. It has all the necessary infrastructure facilities for children. What began as a kindergarten and primary school has now grown into a middle school and is progressing towards becoming a higher-level institution.

At present, our school provides education up to **Class VI**, and **Class VII will be introduced in the coming academic year**.

Our school began with **100 students** and has now successfully completed its second year with **250 students**, preparing to enter its third year.

In the coming academic year, classes will be conducted in our **New school building**, which will provide:

- Clean and spacious classrooms
- Purified drinking water
- Uninterrupted electricity supply

- Fans in all classrooms
- Separate toilets for boys and girls with proper safety facilities
- CCTV surveillance cameras throughout the school campus and inside classrooms for the safety of our children
- Safe school transportation facilities, including pick-up and drop-off near the students' homes
- Reliable and responsible drivers and attendants

As the saying goes, **a village without a school lacks knowledge and development**.

Considering the needs and welfare of our students, we provide all children not only with notebooks and textbooks but also **school bags, uniforms, stationery, pencils and other educational materials free of cost**.

To encourage regular attendance, prizes are given not only to teachers and students who attend school without taking leave, but also to drivers. Students who secure the **first three positions in their classes** are also encouraged with prizes and appreciation.

In order to give individual attention to every child, our school has been divided into groups named after beautiful flowers—**Lily, Bluebells, Daffodils and Rose**. Among these groups, **Daffodils**, the fragrant flower, secured the **first position this year**.

As Thiruvalluvar says:

“Learn thoroughly what you learn, and then live according to what you have learned.”

Our students learn effectively and develop good qualities such as **discipline, unity, respect and obedience to teachers**. The credit for developing these good qualities goes to our dedicated teachers.

All the teachers working in our school have completed appropriate **teacher-training courses and undergraduate or postgraduate degrees**. They are talented, caring and highly skilled in teaching.

A teacher is not someone who merely leaves lessons behind; a true teacher guides students towards the **right path in life**.

Our school gives special importance to the **L.S.R.W. skills—Listening, Speaking, Reading and Writing**—and works towards developing these skills in every student.

With the aim of ensuring that every student develops strong mathematical skills, a **Mathematics Tables class** is conducted every morning at **9:00 a.m.**

At **9:30 a.m.**, the morning assembly begins. During the assembly, our students present:

- Tamil and English news
- General knowledge questions and answers

- Thirukkural
- Pledge
- Other useful information

Every day, a teacher takes responsibility for the assembly and gives students valuable advice, inspiring thoughts and guidance on good habits and behaviour.

Our school provides education in **three languages—Tamil, English and Hindi**—with special attention to effective learning.

We believe that a child's learning should not stop with the teacher. Therefore, **Parent-Teacher Meetings are conducted after every examination** to discuss the progress of the students.

Parents participate actively in these meetings and feel proud to see the improvement in their children's knowledge and academic abilities.

Every year, our school conducts a **Graduation Day ceremony for UKG children** who are preparing to enter Class I. This is a small but meaningful beginning that encourages them to achieve great things in life.

"Unity in diversity" is the pride of our nation, and it is our responsibility to promote unity among all people.

With the aim of developing patriotism among our students and remembering the great freedom fighters who sacrificed their lives for our country, we celebrate **Republic Day and Independence Day**. Various competitions and activities are conducted for the students, and they participate enthusiastically and demonstrate their talents.

In accordance with Bharathiyar's famous words:

"Run and play, little child."

Our school provides additional training in **Karate, Silambam and Chess**.

In the coming years, we also plan to introduce classes in **Abacus, Value Education and Vedic Mathematics**.

In addition, a **library facility has been established in the new building** to encourage and improve the reading skills of our students.

The successful conduct of our school functions, the development of the school and the educational progress of our students are made possible through the valuable support and cooperation of:

- Our Principal, **Mrs. Kalpana Malar**
- Our School President, **Mr. Alagesan**
- Our Secretary, **Mr. Navaneethan**

- Our Trustee, **Mr. Sivalingam**
- **Mr. Mohamed Ali Jinnah**
- The President of Blessing School, **Mr. Thomas Jeyapal**
- The Principal of Blessing School, **Mrs. Kiruba Princess**
- The Principal of Kamaraj Higher Secondary School, **Mr. Thiruneelakandan**
- And all our respected teachers

Their cooperation and support have been excellent.

With such continued cooperation and support, our primary goal in the coming academic year is to **increase student admissions, prevent school dropouts and develop our school into a distinguished and successful institution**.

I am proud to state that the parents of our students are the greatest source of support and strength in the development of our school. Your encouragement and cooperation have helped us move forward on the path to success.

We kindly request all parents to continue extending your valuable support in the years to come.

We firmly assure you that we will fulfil your trust **one hundred percent** and strive to shape your children into **good human beings, knowledgeable individuals and successful achievers in life**.

Finally, I express my heartfelt thanks to everyone who has listened patiently and supported us.

Thank you.
